- Guide members through **therapeutic exercises, strength training, mobility training, and functional activities**.
- Provide **hands-on support** during treatment, ensuring safety and effectiveness of interventions.
- Utilize modalities such as **heat/cold therapy, electrical stimulation, ultrasound, and manual therapy techniques** as directed by the Physical Therapist.

Member Monitoring & Progress Evaluation

- Observe and document member **responses to treatment**, noting progress, challenges, and any changes in condition.
- Communicate **member progress, concerns, or changes** to the supervising Physical Therapist for necessary adjustments.

- Reinforce proper **body mechanics, posture, and movement strategies** to optimize member recovery.

Education & Member Support

- Educate members and families on **home exercise programs, injury prevention, and self-care techniques** to support ongoing recovery.
- Provide emotional encouragement and motivation to members throughout their rehabilitation process.

Collaboration & Communication

- Work closely with **Physical Therapists, Occupational Therapists, physicians, and other healthcare professionals** to ensure coordinated care.
- Participate in **team meetings, progress discussions, and interdisciplinary planning** to optimize member outcomes.

Administrative & Compliance Responsibilities

- Maintain **accurate and organized clinical documentation**, including treatment notes, progress reports, and billing records.
 - Ensure compliance with **state and federal regulations**, facility policies, and professional standards of practice.
 - Adhere to **member confidentiality and HIPAA regulations** at all times.
-

Qualifications & Requirements:

- **Associate's Degree** in Physical Therapist Assisting from an accredited program.
 - **Active PTA license** in New Jersey as required by state licensing board.
 - **CPR/BLS certification.**
 - **Clinical experience** in out-member, in-member, or rehabilitation settings preferred.
 - Strong knowledge of **therapeutic exercises, rehabilitation techniques, and member mobility training.**
 - Excellent **communication, interpersonal, and teamwork skills.**
 - Ability to **lift and assist members** as needed.
-

How to Apply:
